The Commonwealth of Massachusetts

OFFICE OF THE COMMISSIONER OF BANKS,
STATE HOUSE, January 18, 1922.

To the General Court of Massachusetts.

Part II of the annual report of this Department, as required by the General Laws, chapter 167, section 9, is herewith submitted for the year ending October 31, 1921, and relates to co-operative banks, savings and loan associations, credit unions, and persons, partnerships, associations or corporations subject to the provisions of General Laws, Chapter 169.

CO-OPERATIVE BANKS.

Since the last annual report of October 31, 1920, four new banks have commenced business, as follows:—

NAME.	Location.	Began Business.	Shares, First Series.
Bellevue Co-operative Bank	Boston	Jan. 17, 1921	2,298
Cape Cod Co-operative Bank	Yarmouth	Aug. 4, 1921	1,562
Mill City Co-operative Bank	New Bedford	Feb. 23, 1921	2,041
South Middlesex Co-operative Bank	Framingham	Jan. 13, 1921	3,083

This makes a total of 206 co-operative banks doing business in Massachusetts at the close of the last fiscal year.

It is very gratifying to find that although there has been a large amount of unemployment, and that in many instances withdrawals have been heavy, the increase in total assets for the last twelve months has shown a gain of 12.77 per cent, — a slightly higher percentage than for the year previous. The total assets are now \$196,195,048.71, being \$22,215,844.01 greater than the previous year and the largest in the history of these institutions.

Business and labor conditions during the past year have had their effect upon the growth of co-operative banks as reflected by the number of shares sold, which number was 783,328, while the number the previous year was 931,299. The net increase in the number of such shares, after deducting shares matured, withdrawn, etc., was 219,788, as compared with an increase of 479,960 the previous year. The total number of shares in force on October 31, 1921, was 3,214,511. The membership increased 12,594, as compared with an increase of 34,218 during the year ending October 30, 1920. The average number of shares held by each member increased during the year to 10.41, while the average amount of profits to the credit of each member was \$88.43.

The average rate of interest received on real estate loans was 5.88 per cent, as against 5.78 per cent last year, and on share loans 6.10 per cent, as compared with 5.97 per cent in the year ending October 30, 1920. Approximately 70 per cent of all loans are now at 6 per cent or more. A little over $7\frac{1}{2}$ per cent of the total loans, aggregating \$14,124,635, now bear interest at 5 per cent. In the year 1920, 10.16 per cent of the total loans were at the interest rate of 5 per cent, while 45 per cent of the total loans were at this rate of interest in the year 1910.

The amount of foreclosed property held by the banks has shown a steady reduction and now amounts to \$76,059.70, and on October 31, 1921, was the smallest amount held during the last thirty years. Thirty-nine pieces of property are held by 28 banks, as compared with 71 estates in 40 banks on October 30, 1920. The amount of common-form mortgages has shown a decided decrease and amounts to \$134,272.73, the smallest amount held since 1899.

During the past year 60,568 shares in 303 series have been matured by 139 banks, with an aggregate value of \$12,162,769.82, of which \$2,309,387.96 was used for the cancellation of loans. These shares were held by 10,674 members, of whom 2,035 were borrowers. The total value of shares matured since the first maturity in 1888 amounts to \$101,150,144.73, of which \$16,382,953.34 cancelled real estate loans. The total number of shares matured during the same period was 505,661, which were held by 98,190 shareholders. Since 1915 many banks have given the shareholders the option of leaving their shares as a deposit in the bank, as provided by General Laws, chapter 170, section 19. For matured shares not withdrawn, ma-

tured share certificates have been issued, representing a total of \$14,822,000, a gain of \$3,351,600 during the past year. These certificates, valued at \$200 each, are held by 13,807 shareholders, an average of \$1,073.51 to each shareholder. Dividends on these certificates are generally a little less than is paid on regular co-operative bank shares.

The paid-up shares, the sale of which was permitted under an act of 1920, increased \$2,323,200, and now amount to \$2,790,000 held by 3,036 shareholders, an average of \$918.97 each. The rate of dividend on these shares is limited by statute to 5 per cent, the rate paid during the past year.

The total amount of loans made during the year on real estate was \$42,483,266.62, practically the same amount as the previous year. The net increase in the number of such loans was 5,514, amounting to \$20,474,709.27. The total of such loans October 31, 1921, amounted to \$181,151,720.47, all in first mortgages to 77,582 borrowers. In order to help meet the demand for loans the Commissioner, as provided by statute, granted to such banks as applied authority to borrow a total of \$1,279,000.

During 1921 the General Court enacted legislation (1) permitting the increase of the guaranty fund and surplus account on a basis of the total liabilities rather than on the dues and profits capital; (2) limiting investments in real estate for banking purposes upon a basis of the guaranty fund and surplus account, under certain restrictions, rather than the surplus account alone, as heretofore; (3) limiting the amount of "paid-up shares" which may be outstanding at any one time in any bank to 10 per cent of the total assets of such bank; and (4) permitting loans on paid-up shares to an amount not exceeding 90 per cent of their value.

CREDIT UNIONS.

The past year, because of general financial and industrial depression, has been one of severe trial to credit unions, and yet there were no involuntary liquidations and but one voluntary liquidation during the year.

In spite of the fact that there were heavy withdrawals in a number of credit unions, notably in industrial centers, these institutions have emerged from the situation materially increased in numbers, strength and resources, and more substantially established in the

Commonwealth than at any time since the creation of the credit union system in 1909.

On October 31, 1921, there were 82 credit unions doing business within the Commonwealth, an increase of 17 during the year. The membership of these unions on the same date numbered 32,226, or 2,732 more than on the corresponding date of the previous year. The total assets during the same period have increased \$80,894.45 and now total \$4,047,172.76. Dividends to shareholders and interest paid on savings accounts amounted to \$164,672; \$3,003,765 was loaned to members during the past fiscal year, and the number of borrowers on October 31, 1921, was 12,180. All but four of the credit unions granted charters during this period had commenced business.

Changes in the names of the following credit unions have been approved as indicated:—

Metropolitan Grange Credit Union to Metrogra Credit Union.

Dorchester Credit Union to Metropolitan Credit Union.

Salem Workingmen's Credit Union to Salem Credit Union.

The following credit unions are still in the possession of the Commissioner of Banks, no changes having been made in their condition during the year:—

Peabody Hebrew Credit Union.

Salem Investment and Credit Union.

Lynn United Hebrew Credit Union.

People's Credit Union of Lynn.

In the liquidation of the Italo-American Credit Union, \$10.95 has been paid to shareholders since the last report, leaving a balance of \$156.36 due to 24 shareholders.

Every effort has been made to locate the creditors of these credit unions in an endeavor to finally adjust their affairs.

The City of Quincy Credit Union was voluntarily liquidated.

DEPOSITS WITH OTHERS THAN BANKS.

Figures from private bankers doing business under General Laws, chapter 169, show that 44 were holding money for safe-keeping amounting to \$2,104,770.50, a decrease of \$974,886.05 since the previous report.

The amount sent to foreign countries during the twelve months ending October 31, 1921, totaled \$15,216,116. This also shows a decrease amounting to \$8,717,827.

License fees collected and paid into the treasury of the Commonwealth amounted to \$2,950. During the same period the Commissioner of Banks found it necessary, in order to protect the interests of their clients, to take possession of the property and business of the following, under the provisions of General Laws, chapter 167, section 22: —

NAME.	Location.	Date closed.
Alter Freedman	65 Everett Avenue, Chelsea	Nov. 10, 1920
L. D. Griswold Company	134 Salem Street, Boston	Dec. 22, 1920
George P. Anastos	196 Hanover Street, Boston	Feb. 21, 1921

Pantaleone Mercurio	303 North Street, Boston	July 7, 1921
H. Slobodkin, Inc.	145 Staniford Street, Boston	July 18, 1921

In addition to the above, 1 license was revoked, 2 were refused renewal and 6 were surrendered, there now being 69 others than banks receiving money for transmission and safe-keeping.

On October 31, 1921, the property and business of the following private bankers were in possession of the Commissioner of Banks: —

NAME.	Liabilities.	DIVIDENDS PAID.			Liquidating Agents.
		Date.	Per Cent.	Amount.

Much improvement has been accomplished during the past year in the condition of this class of bankers through more frequent

examinations, this being made possible by an increase in the force of examiners. The depositors have been led to expect the safety which a license issued by this Commonwealth should afford; therefore, continued supervision is necessary if adequate protection is to be given to them. Further legislation is necessary to provide additional safeguards.

It is recommended that all bankers of this class be required to incorporate and set aside a certain amount of capital, placing all assets in the name of the corporation.

At present the entire matter of the bonds of private bankers is regulated by the Commissioner of Banks with the approval of the Treasurer and Receiver-General of the Commonwealth. This matter might better be controlled by statute, which would provide for the automatic increase or decrease and the minimum amount of bonds.

The following table is compiled from the last five annual reports made to this Department, and shows the amount of money forwarded to various countries during each of the years covered by the reports:—

BOARD OF BANK INCORPORATION.

During the period from November 1, 1920, to October 31, 1921, inclusive, the Board has held 31 meetings and 44 hearings in connection with the establishment of new banking institutions. Of these hearings, 3 have been upon applications for new co-operative banks, 27 upon credit unions, and 1 upon savings banks, the remainder being hearings held upon petitions for the changing of names and the establishment of trust departments and branch offices of trust companies. Thirty-four applications were granted, 7 were refused and 3 are held in abeyance.

RECOMMENDATIONS.

Thirty-four bills, comprising the recommendations of the Commissioner of Banks for new legislation, have already been submitted to the General Court. The intent of these measures is briefly set forth as follows: —

Banks and Banking.

1. *Providing a Penalty for Embezzlement, etc., in any Bank.* — This act is copied from the national bank law and provides a penalty of a fine of not more than \$10,000 or imprisonment for not more than ten years, or both, for the offences named.

2. *Providing a Penalty for falsely certifying Checks.* — This act, like the preceding act, is taken from the national bank laws and provides a penalty of a fine of not more than \$5,000 or imprisonment for not more than five years, or both, for the false certification of checks.

3. *Relating to Unauthorized Banking.* — At the present time sections 12 and 37 of chapter 167 of the General Laws conflict, and this act is an amendment to section 12 to eliminate this confliction.

4. *Relating to the Annual Report of the Commissioner of Banks.* — At the present time the law provides that the Commissioner shall make a return to the General Court of the condition of every incorporated bank from which a report has been received for the preceding year. The inclusion of the word "incorporated" in the law prevents such a return on private banks and bankers not now incorporated but under the supervision of the Commissioner of Banks. This act would include the latter by eliminating the word "incor-

porated." It also substitutes in section 9 of chapter 167 the words "commissioner of banks" for the word "receivers," as there are no receivers under the present statutes, and strikes out the words "from which a report has been received for the preceding year," as they are no longer necessary.

5. *Relating to Bond and Investment Companies.* — The present chapter on bond and investment companies (General Laws, chapter 174) places the supervision over such companies under the Commissioner of Banks. Since the enactment of a law in 1921, known as the act to prevent the sale of fraudulent securities, it seems advisable to place this chapter under the same agency as provided in that act, namely, the Commissioners of the Department of Public Utilities.

Co-operative Banks.

6. *Relating to the Powers and Duties of the Commissioner of Banks in Co-operative Banks.* — The co-operative banks, according to law, are audited by the banking department, and the examiner is obliged to report to the Department everything he finds, much of which is of little importance, but must of necessity be incorporated in the report for the information of the Department. Many of these matters could be settled directly with the treasurer; but as the law states that a copy of this report shall be rendered to the board of directors, the board of directors now receives a report containing many items which are of minor importance and ought not to be called to their attention in the report. This act would permit the Commissioner to submit to the directors a copy of so much of the report as he deems expedient.

7. *Relating to Fees for Examination and Audit of Co-operative Banks.* — Co-operative banks at the present time pay a fee of 10 cents per \$1,000 of assets for audits which are conducted by the banking department. This act provides that the banks shall pay the actual salaries of the employees engaged in making the examination, which it is believed is a more equitable method than the present and will also increase the revenue substantially. In this way the bank will be paying for the actual time taken in making the examination and audit. If the work on the books of the bank is not in good condition and extra time is spent in locating errors, as has been the case in some instances, the banks will have to bear this extra expense for which the Department now receives nothing.

8. *Relating to the Maturity of Shares in Co-operative Banks.* — This act amends the latter part of section 19 of chapter 170, General Laws, relating to the dissolution of co-operative banks, by including members holding “paid-up” shares, together with members holding matured shares, as not being entitled to preference over any holder of unmatured shares.

9. *Relating to Real Estate leased by Co-operative Banks as Places of Business.* — This act provides for the regulating of alterations in leased quarters by requiring the approval of the Commissioner of Banks, and limiting the amount to be expended in such alterations.

Credit Unions.

10. *Relating to the Commencement of Business by Credit Unions.* — Several petitions and charters have been granted to credit unions that have never commenced business, some of them dating back to 1918. This act provides that a credit union shall organize and commence business within six months from the date of its incorporation; otherwise, its charter shall become void. A similar recommendation is made for trust companies.

11. *Relating to the Election of Officers in Credit Unions.* — This act amends the law relating to election of officers in a credit union to provide for the election of such other officers as may be necessary for the transaction of the business of the corporation, and also provides that all officers handling the funds of a credit union shall be bonded in an amount satisfactory to the Commissioner of Banks.

12. *Relating to the Supervisory Committee of Credit Unions.* — This act provides that supervisory committees of credit unions shall be required to hold meetings at least monthly and keep a record of such meetings. It also provides that pass books of credit unions shall be verified at least once every three years by the supervisory committee, as is required by savings banks.

13. *To prohibit Loans to Certain Officers of Credit Unions.* — This act adds to the officers of credit unions who are not to borrow from the corporation, the treasurer or assistant treasurer, if there be one.

14. *Relating to the Payment of Interest on Deposits in Credit Unions.* — At present, credit unions state in advance the amount of interest payable on deposits. This act restricts such corporations in the payment of interest on deposits to the same degree as savings banks and savings departments of trust companies are now restricted.

15. *To create a Reserve in Credit Unions.* — This act provides that credit unions shall carry a reserve in cash amounting to 10 per cent of their resources.

16. *Relating to Loans made by Credit Unions.* — At present, unsecured loans of more than \$50 are made by credit unions. This act requires that in all such loans of more than \$50 at least one substantial endorser shall be required.

17. *Relating to the Approving of Investments in Credit Unions.* — This act provides that investments other than loans in credit unions shall be made only with the approval of the board of directors.

Savings Banks.

18. *To permit Savings Banks to sell Foreign Drafts.* — This act would permit savings banks to receive money for transmission to foreign countries under regulations made by the Commissioner of Banks.

19. *To provide a General Penalty for Violation of the Laws relating to Savings Banks.* — This act is similar to one already recommended for trust companies, and provides a fine or imprisonment, or both, for the violation of any of the savings bank laws for which a penalty is not expressly provided. The penalty is left for the Legislature to determine in its discretion.

20. *Relating to the Investments of Savings Banks.* — This act permits savings banks to loan on shares of co-operative banks at not more than 90 per cent of their withdrawal value. It also provides that departments of the Commonwealth having supervision over public utilities be required to furnish the Commissioner of Banks with a list of companies whose securities would be legal investments for savings banks annually at such time as the Commissioner shall designate.

21. *Relating to the Bonding of Officers and Employees of Savings Banks.* — The present law requires that the treasurer, vice treasurer and assistant treasurer shall give bond to the satisfaction of the trustee, in such form as the Commissioner may prescribe, "for the faithful performance of their duties." This act would provide for the bonding of all officers and employees, and would permit the use of the so-called bankers' blanket bond. The president is held responsible for the filing of the bond.

Trust Companies.

22. *Relating to Charters of Trust Companies.* — This act gives the Board of Bank Incorporation authority to examine the methods of payment for stock in a trust company after a charter is issued, to examine the details of personnel, including the officers and directors, and to decline to issue a certificate authorizing the bank to do business if, in the judgment of the members, it is unwise.

This act also requires a trust company to begin business within six months after a charter is granted instead of two years, as at present, and provides that business shall not be resumed under unused charters existing at the time of the passage of the act, except with the written approval of the Board of Bank Incorporation.

23. *To regulate the Consolidation of Trust Companies.* — This act provides that trust companies desiring to consolidate must obtain the written approval of the Commissioner of Banks, and also that a charter of a trust company, the business of which is consolidated or merged with or absorbed by another bank, shall be kept alive only for the purpose of carrying out existing obligations and liabilities.

24. *Relating to the Reserve of a Trust Company.* — This act would prohibit a trust company, in the event that its reserve is at any time less than the amount which it is required to keep on hand, from making any new loans or investments otherwise than by discounting or purchasing bills of exchange payable at sight, or from making any dividends of its profits until the required amount has been restored. It also provides that if such corporation shall fail for thirty days after receiving notification from the Commissioner to make good its reserve, the Commissioner may proceed, as provided in General Laws, chapter 167, section 22, to take possession and liquidate the affairs of such corporation.

25. *To prohibit a Trust Company from making Loans on its Own Stock, either directly or indirectly.* — At the present time the law prohibits a trust company from making loans on its own stock, but does not cover cases of unsecured loans being made and the stock held by an officer for safe-keeping, nor is any penalty provided for its violation. This act would prohibit loans made directly or indirectly, either through increases of capital stock not paid for or on notes or unsecured forms with an agreement to consider the stock as pledged, and provides a penalty of a fine of not more than \$5,000

or by imprisonment for not more than five years or by both such fine and imprisonment for its violation.

26. *To prohibit a Trust Company from paying Unearned Dividends on Capital Stock.* — This act prohibits a trust company or stockholder thereof from withdrawing or permitting to be withdrawn during the time it continues its banking operations any portion of its capital, either in the form of dividends or otherwise. It provides that no dividend shall be paid if losses have been sustained equal to or exceeding the undivided profits then on hand, and that no dividend shall ever be paid, while it continues its banking operations, to an amount greater than its net profits then on hand, deducting therefrom its losses and bad debts. The act also defines bad debts, but does not interfere with the reduction of the capital stock as already provided for by law.

27. *To establish a Surplus Fund in a Trust Company.* — Under this act the directors of a trust company may declare dividends of so much of the net profits as they shall judge expedient, but the trust company shall, before the declaration of a dividend, carry one-tenth part of its net profits of the preceding period for which said dividend is paid to its surplus fund until the same shall amount to 25 per cent of its capital stock.

28. *Limiting the Real Estate Holdings of a Trust Company for Business Purposes, and Investments in Furniture and Fixtures.* — This act adds to the present law (General Laws, chapter 172, section 41) a provision that the amount invested in the securities of any corporation, trust or other organization which holds real estate in whole or in part, used or intended for use, by the trust company, shall be included as part of the amount invested in real estate as defined by said section 41. It also limits to 10 per cent of the capital and surplus the amount which may be invested in furniture and fixtures, exclusive of vaults, except with the written approval of the Commissioner. It provides, further, that the amount invested in vaults, together with the amount invested in furniture and fixtures, when such office is situated in leased quarters, shall not exceed a certain per cent of the capital and surplus except with the written approval of the Commissioner of Banks, the definite limit to be made by the Legislature in its discretion.

29. *Relating to the Investment of Funds in a Trust Company.* — General Laws, chapter 172, sections 33 and 34, relating to the

investment of funds of trust companies, are not clear. This act is intended to clarify these sections.

30. *Relating to Audits of Trust Companies.* — This act provides that the examination committee of a trust company shall cause to be made by a public accountant, approved by the Commissioner of Banks, a thorough examination and audit of the assets and liabilities of the corporation, including those of its trust department, which would eliminate the possibility of an incompetent committee endeavoring to make an audit, as has been done. It also relieves the Commissioner of Banks from making audits in trust companies and savings banks.

31. *To provide a General Penalty for Violation of the Laws relating to Trust Companies.* — This measure provides a fine or imprisonment, or both, for the violation of any of the trust company laws for which a penalty is not expressly provided. The penalty is left for the Legislature to determine in its discretion.

32. *Limiting Interest Payments in the Savings Departments of Trust Companies and in Savings Banks.* — This measure provides that the rate of interest on deposits in savings banks, or in the savings departments of trust companies, shall not exceed the rate of 4 per cent per annum while there are losses or bond depreciation equal to or in excess of the undivided profits, exclusive of the guaranty fund. It provides a penalty for violation of a fine of not more than \$5,000 or by imprisonment for not more than five years, or both, and extends this penalty to cover payments of unearned dividends as provided in the general banking laws.

33. *To require the Bonding of Officers and Employees of Trust Companies.* — This act provides for the election of the officers of a trust company, and provides, also, for the bonding of all officers and employees in such form and amount as required by the directors, giving the Commissioner authority to increase the amount of such bonds if, in his judgment, the amount is insufficient.

34. *To remove a Conflietion in the Trust Company Laws.* — This act repeals section 21 of chapter 167 of the General Laws, which is not only obsolete but is in conflict with section 35.

Respectfully submitted,

JOSEPH C. ALLEN,
Commissioner of Banks.
